

F. B. CATE REAL ESTATE AGENCY

We have a large amount of Real Estate placed with us for sale that the owners wish to dispose of the coming Spring and consequently have put very low prices on the same.

We Mention Just a Few From Our Large List.

A TWO-TENEMENT HOUSE of five rooms each. Barn for three horses. A large corner lot, three-fourths of an acre of land. Some fruit trees, spring and city water, good cellar and everything in good repair. Price, only \$2400.00. Easy terms.

A COTTAGE HOUSE on Vine street. Contains seven good rooms. Electric lights. Heat and water. Price, including an extra lot 75 by 90 feet, \$2200.00. \$500.00 down, balance easy.

ON SOUTH MAIN STREET we have a cottage containing nine rooms and barn with three stalls for horses and two for cows. Carriage house and henhouse. Spring and city water. Buildings insured for \$1800.00. Price, \$2500.00. Adjoining this place is seventeen acres of land, mostly available for building lots, that we will sell with the buildings or separate. Here is a good chance for a speculation. Investigate.

Bargains in Farms.

ONLY THREE MILES OUT a farm of 60 acres in a good state of cultivation. Will keep 15 cows and team. Land level and free from stone. Buildings good. A brick house containing eight rooms. Barn, with basement. Will tie up 15 head of cattle. New England telephone and R. F. D. route. Price, \$2500.00.

FARM OF 250 ACRES five miles from Barre and four miles from East Barre on the Plainfield road. The farm will keep 40 cows and team summer and winter. 400,000 feet of hard wood timber and 100,000 feet of soft timber one mile from saw-mill. Buildings in good repair, with running water at house and barn. One barn is 30 by 80; three others 20 by 40 feet. On People's telephone line and R. F. D. Price, \$3000.00.

ANOTHER FARM adjoining the above, contains 137 acres and will keep 10 cows and team. Buildings fairly good. Some soft timber. Good apple orchard. The price for this is only \$1600.00. Will sell both farms together or separate, also with or without the stock.

WE HAVE A 55-ACRE TIMBER LOT in Orange that we will trade for city property. Remember the place.

ABOUT THE STATE.

Items of Interest Gleaned From Our Exchange.

A petition in bankruptcy was filed Wednesday by Joseph Marsett of Ferrisburg. He has liabilities of \$1,757, and assets of \$1,860, all of which are claimed exempt.

Era Brainerd, president of Middlebury College, and Prof. W. W. McGill have gone to New York to attend the annual Middlebury College alumni banquet which is to be held Friday evening.

Dr. D. C. Hawley of Burlington returned home Tuesday evening after passing three weeks in Cuba and Daytona, Fla. Doctor Hawley attended the meetings of the American Public Health Association in Havana.

Godfrey Jacobs discovered a large deer weighing over 300 pounds near Dead Man's bridge, Roxbury, last week, that had been killed by a passing train and immediately reported the same to Game Warden Keyes at the state hatchery who cared for the body of the animal.

Petitions in bankruptcy have been filed by Morris Brown of Burlington, who has liabilities of \$845 and assets of \$290, all of which are claimed exempt; and Fred S. Burbee, a manufacturer of lumber of Bennington, who has liabilities of \$11,448.80 and assets of \$3,667.38, of which \$663 are claimed exempt.

O. M. Smith of Morrisville has fifty-four white leghorn hens which made a special effort during the first 15 days of January and even surpassed their own record, laying 460 eggs in that time, their production for the month of December being 650 eggs. O. M. allows that good dispositioned "biddys" are good property.

When C. O. Sumner of Rutland finished serving a 10 days' alternative drunk sentence over the river Wednesday States Attorney R. A. Lawrence had a little surprise for him in the form of a warrant charging him with grand larceny. The specific charge is that Sumner on January 7 stole 13 chickens from E. P. Haskins of Woodstock avenue. He appeared before Judge Ross in city court this morning with his attorney, J. D. Spellman, and pleaded not guilty to the charge against him.

A case of destitution appears to exist in the family of Charles Rose of Bennington. Although the father and mother both work, the former in a mill and the latter in a laundry, the children are about the street in the coldest weather half clothed and several of the neighbors are helping the children by getting shoes, stockings and dresses for them. There are four or five children. Mrs. Rose, when away at work during the day, leaves the children in the charge of an old girl who does her best under the circumstances to keep them warm.

As Martin Connolly, accompanied by his sister, Miss Katherine, and brother William, was driving from the farm to Randolph Wednesday morning his horse, a young animal, got frightened near D. H. Morse's farm and left the road so quickly that the occupants tipped out. In running in the deep snow the horse fell, turning a complete somersault, breaking the thills and freeing itself from the sleigh. The horse ran to this village and was stopped by H. T. Holman. Miss Connolly and William escaped uninjured, but Martin was quite badly bruised, his face being cut and scratched by the crust. The horse received a few slight scratches.

The annual meeting of the Waltsfield Creamery company was held Tuesday, January 17, at G. A. R. Hall, with a good attendance of the stockholders. The reports of the several officers showed that the company was in a good, prosperous condition, having made during the past year 197,713.5 pounds of butter, a gain over the amount made in 1903 of 13,000 lbs. The old board of officers were re-elected as follows: Directors, Geo. W. Wallis, F. F. Wilder, F. R. Palmer, F. A. Briggs and E. E. Berry; auditors, J. B. Thompson, E. R. Prentiss and G. M. Jones was elected as third auditor in place of M. L. Richardson, deceased. On Saturday evening the board of directors met and organized by the election of the following officers: President, F. F. Wilder; vice president, F. R. Palmer; treasurer, P. B. Gaylord; secretary and business manager, George W. Wallis.

ST. ALBANS STRIKE.

Men Still Firm in Their Demand For Money.

St. Albans, Jan. 27.—All was quiet at the power house and car barns of the St. Albans street railway yesterday, and no cars were operated. The entire regular force of employees, 19 in number, quit work to a man at midnight on Tuesday when the fires under the boilers were drawn and the water drained from the pipes. The men are firm in their demands that all wages due must be paid before they will do a stroke of work. None of the officials were around Wednesday and it could not be learned what the company proposed to do. The storm of Wednesday gave the rails a heavy coating of ice, and if cars are not run for a day or two, it will be almost impossible to open the road. From present indications the road is tied up for an indefinite period. Frank Dougherty has gone to Palm Beach, Fla., where he has a position in one of the big hotels.

NURSES REGISTERED

—AT—

NEW BLACKSMITH SHOP.

Having rented the old Blanchard Blacksmith Shop at South Barre, I am prepared to do Horseshoeing, General Repair Work and Blacksmithing of all kinds in a workmanlike manner and at right prices. Satisfaction guaranteed. JAMES O. MEHLIN.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Rickert & Wells, Special Agents.

A NAVAL TEST.

Plan to Measure Smoke Emission of a New Cruiser.

The new cruiser Milwaukee, now nearing completion at the Union Iron works in San Francisco, when she starts on her official trial trip next summer will undergo a novel test, says the New York Post. In addition to the usual tests of speed, turning, stopping, backing and performing other evolutions, the Milwaukee will be observed for the amount of smoke she emits from her stacks. The volume and character of smoke given out while steaming has become regarded as a factor of the vessel's efficiency, for her visibility at sea is largely measured by the smoke she gives out, a steamer's smoke being ordinarily seen long before the vessel herself becomes visible. It is further desired to measure the smoke emission on account of its being a valuable index of the efficiency of boilers and furnaces, excessive smoke indicating inefficient fuel or imperfect combustion of the fuel.

According to the plans at present suggested, a series of photographs of the cruiser will be taken while she is under way, and from these, taken at fixed intervals of time, the amount of smoke may be determined with fair accuracy. Excessive smoking will be remedied as far as possible, and data may be obtained from which to avoid or lessen the smoke in future warship construction.

CLEANING CARS BY SUCTION

New Jersey Central Railroad Institute Novel Process in Its Trains.

Cleaning railroad cars by vacuum is the latest novelty introduced in the trains of the Central Railroad of New Jersey, says the New York Globe. When the trains reach the Jersey City yards, where a great cleaning plant has been erected, the porters attach flexible hose with suction apparatus at the end to the main exhaust pipe. These flat ends are then passed over all of the interior of each car—wood work, cushions and floor. The immense draft sucks up every particle of dust and grime which may have collected during the trip, leaving the cars absolutely clean.

The dust filled air in the pipes is cleared by two processes, the last of which is its passage through water in which corrosive sublimate is used, insuring absolute purity. The road has several miles of these vacuum pipes.

Motor Boots and Foot Bags.

Motor boots to be worn over ordinary footwear are being ordered extensively. They are a little large and clumsy in appearance, but splendidly warm with their fur or lamb's wool lining and a narrow rim of fur at the top to make them look cozy and pretty, says the London Mail. The newest foot bag is a delightful addition to the motoring attire. The fur is now plaited so that when the feet are placed inside the bag it closes round the ankles completely.

Benevolent Duellists.

Jaures and Dronelade, French duellists, before leaving the locality where they fought their bloodless duel, gave money for the poor of the neighborhood. Dronelade also presented the owner of the grounds wherein the duel took place with a medal on which is a portrait of himself.

A Grim Tragedy

is daily enacted, in thousands of homes, as death claims in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated the tragedy is averted. F. G. Huntley of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by Rickert & Wells, druggists. Trial bottle free.

Sales of Poultry Food Increasing.

That farmers are quick to take advantage of any honest effort to help them to increase the product of the farm is shown by the increasing sale of Poultry Food. The Seaver store at North Troy, Vt., speaks thusly on the subject: "We find the sales of Page's Perfect Poultry Food increase each year with us. We are pleased with the goods and our customers speak highly of it as an egg-producer."

Wanted—Pair of Horses for the Barre Fire Department.

The undersigned desire to purchase a pair of heavy horses (not less than 1400 lbs. weight) for the Barre Fire Department. Must be thoroughly sound, healthy and fearless. Anyone having a pair of horses suitable for this purpose and wishing to dispose of the same should meet me at the Barre Fire Department on Saturday, January 28, 1905, from 10 to 4 o'clock P. M., at which time and place the Committee will examine and try out all teams that may be presented. Signed, C. H. CAMPBELL, Chief. JOHN ROBINSON, JAMES ADIE, Committee.
